

ELEVATE

Elevate your microenterprise with one on one mentoring! Once you've found your passion, connect with a mentor who will support you in refining your making process, creating a cohesive brand, and understanding how to sell online.

When: Mentors typically meet with clients on a weekly basis for about an hour.

DISCOVER SESSIONS

Various short courses to learn a particular skill or project. Often held during the day for approx. 3-4 hours. These usually have a 'make to sell' focus so participants have opportunities to sell at a Mish market.

When: School holidays

OTHER ACTIVITIES

HANGOUTS

A casual drop-in style space that provides a fun and low commitment way of engaging with the Mish, where you can connect socially, and enjoy a range of games and activities.

When: Weekly, Wednesdays

KITCHEN HACKS

A short practical workshop over 4 weeks where young people can learn practical cooking skills, including how to cook for yourself, healthy eating, meal planning and food budgeting.

When: 4 week rotating workshops, Mondays

LAUNCESTON

 CityMission

WHAT IS THE MISH?

The Mish is City Mission's hub for youth and young adult services, offering programs for young people who may be withdrawn from peers, family and friends or disengaged from education or employment.

Through mentoring and unconventional learning experiences, The Mish supports young people aged 12-25 years to build confidence and develop important skills to sustain work, education and a healthy lifestyle.

Located in Frederick St, Launceston and operating during school terms, we offer a safe, inclusive, welcoming space where everyone is valued.

Program times and details are available by contacting The Mish team.

MENTORING

Mish Mentoring pairs positive role models with individuals who may require extra support navigating life's hurdles.

Our mentors and chaplains create safe, non-judgemental relationships, assisting young people to work towards their goals and dreams. Mentors typically meet with clients on a weekly basis for about an hour and can even organise to meet on-site during school hours.

MISH MAKERS

The Mish Makers program supports young people who want to explore their creative side and start their own small business. You will get access to Mish Mentors, Community Makers, and the resources and materials you'll need along the way.

We want to help you:

MAKE

Make projects and products as you explore and develop your skills.

DESIGN

Design your products and business based on your skills and passion.

SELL

Sell your products online, through social media, and at local markets with the support of Mish Mentors and Community Makers.

QUEST

Go on a quest to discover your new favourite craft over two terms! Each 1-2 weeks you will learn a new craft and complete a small project working alongside Mish Mentors and Community Makers.

When: Weekly, Tuesdays

TEAM ENTERPRISE

Each term is its own social action enterprise where you make all the decisions! Working with Mish Mentors, you'll design a microenterprise that has a positive impact on the community while you learn important skills: mass production, branding, marketing, selling, and more. **You can choose your focus with either our craft or culinary skills teams.**

When: Weekly, Thursdays
